November 2010—President's Message

November—and the frost will soon be on the pumpkin! Time for hot cider and apple cobbler, and of course, pumpkin pie!

Many thanks to John Salventi for last month's program on orchid conservation in the Manu Cloud Forest. It's always fun to sit back and travel somewhere else for an hour! Be sure to check out Parkside's website, www.parksideorchids.com to see their upcoming events and sales specials.

Our speaker in November will be Susan Gange, of Stoney Brook Orchids. Susan is a Vendor Member of the Delaware Orchid Council, and grows marvelous *Phalaenopsis*. Her talk will be *The Art of Growing Phalaenopsis*, and she will have plants for sale.

As we move in to cooler weather, all your orchids should be in the house, with the exception of cymbidiums. If they are in a protected area, they can withstand a light frost. This chilling period will initiate spikes. Watch for them, they are pointy when they first emerge. Then bring the plants in, and take care to sit them away from cold drafts or your heat vents.

As for your other orchids, be careful of your watering schedule. The days are shorter, temps are cooler, and until you turn your heat on in the house, they will dry out more slowly.

Changing seasons means changing conditions!

I look forward to seeing you all on the 2nd. Be sure to bring your plants for the show table!

-Valerie
